2001

The South Coast is rich in culture, history and diversity. And rich in art!

Since 1996, the New Bedford Art Museum has been a fixture in downtown New Bedford, offering engaging exhibitions of artwork from around the corner and across the ocean.

Linger, learn and appreciate art and artistic expression as you stroll through the Museum's five galleries. Discover new delights as you explore the Museum's home, a former bank that includes two vintage vaults, one with a distinctive circular safe door.

The Museum strives to offer dynamic and interactive educational opportunities. Museum education programs reach out to the community through its distinctive artMOBILE summer program, after-school programs and creative art education and lectures for adults and children.

Museum exhibits change three times each year and vary in subject matter and artistic medium. Contemporary and historic art, as well as local, national and international artists, have been displayed.

Come get a taste of New Bedford's artistic culture.
